Jack et al

How about 235pm on Wed, we can still meet in our café for some coffee.

David

Dear Dr. Velinsky,

I invited my supervisor, Rick Rogers, to come and talk with you.
However, we may need to change the meeting time.
Anytime after 2:30 Wednesday and any time Thursday would be fine for us.
Would it be possible to make a change? Thanks.

Jack

I would be glad to talk about the meeting and
potential talk. Either I can or my colleague Dr.
Jerry Mead.

I will pencil you in for say 1130 on Tues (you are
welcome to have lunch at our cafe, your call).

let me know. I am open later after lunch as well.

David

Dear Dr. David Velinsky

Professor Boufadel of Temple University gave me your contact information because we are looking for a speaker on Marcellus Shale Drilling at our EPA Region 3 States Technical Conference to be held in Rehoboth Beach in late September. I wonder would it be possible for me to talk with you about this in your office early next week. EPA office is in close to the Academy of Natural Sciences and I can just walk from mine to yours.

My schedules are flexible anytime after 10:30 Monday and Tuesday next week.

Looking forward to hearing from you. Thanks.
